

REALISTIC CAREERS

for "Doers"

ROOFERS

Roofers put roofs on new buildings. They repair or replace damaged roofs. They work on flat or slanted roofs. Sometimes they work on top of really tall buildings. Roofers also work with many types of materials.

CAREER HERO CHALLENGE

In the space below, draw a type of building a roofer might work on.

DESKTOP PUBLISHERS

Desktop publishers use computers to design layouts for printed materials. They combine text and graphics like photographs and drawings to create things like brochures and printed magazines. Their goal is to make printed material appealing to readers and easy for them to follow.

CAREER HERO CHALLENGE

Find a magazine article that you think would be fun to read because of the way it looks.

ETCHERS & ENGRAVERS

Etchers and Engravers put letters or designs on things. They put designs on different types of metals. They can put pictures on wood pieces. They can also put letters on jewelry.

CAREER HERO CHALLENGE

Pretend you've won first place in a competition of some kind. Write your name, and date, and the type of award on the trophy below.

What other careers can you think of that might be in the realistic group?
