

Accountant

Architect

Overview: Accountants and auditors assemble, analyze, and check the accuracy of financial information.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Reading and writing
- Math
- Computers/technology

Schooling:

- Have an associate or bachelor's degree in accounting

Where to Find Me:

- Almost every industry hires accountants

Overview: Architects plan and design all types of buildings and structures.

Career Cluster: Architecture and Construction

Subjects:

- | | |
|-----------------------|------------------------|
| • Reading and writing | • Computers/technology |
| • Art | • Safety |
| • Math | |

Schooling:

- Have at least a bachelor's degree in architecture
- Complete a three-year internship
- Have a license

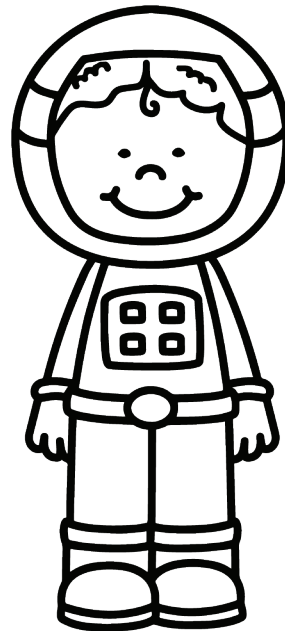

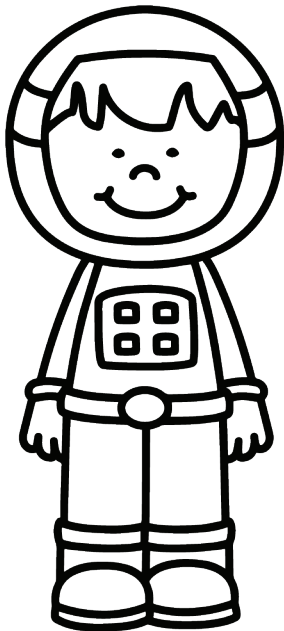

Where to Find Me:

- Construction companies
- Architectural design firms
- Government agencies

Artist

Astronaut

Overview: Artists create works of art to communicate ideas, thoughts, or feelings.

Career Cluster: Arts, Audio/Visual Technology, and Communications

Subjects:

- Computers/technology
- Art

Schooling:

- Have a bachelor's degree in a related field
- Complete long-term, on-the-job training

Where to Find Me:

- Elementary, middle, and high schools
- Colleges and universities
- Performing arts companies
- Publishing companies (newspapers, books, magazines)
- Marketing firms
- Self-employed

Overview: Astronauts operate and work aboard spacecraft and the space station.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Math
- Science
- Computers/Technology
- Safety
- Reading

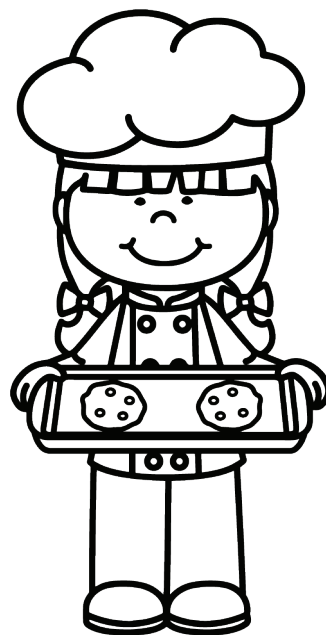

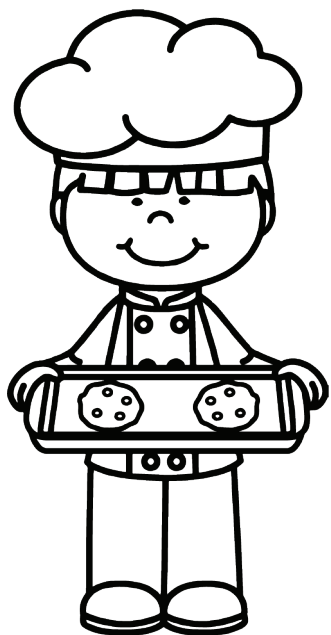

Schooling:

- High school diploma or equivalent.
- Have at least a bachelor's degree in engineering, biological science, physical science, or mathematics.
- Complete at least three years of related professional experience following attainment of degree.
- Pass a NASA space physical.

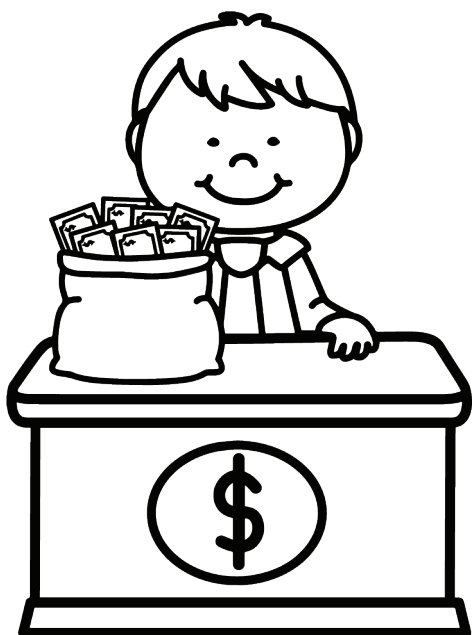

Where to Find Me:

- Government (NASA)

Baker

Banker

Overview: Bakers mix and bake ingredients to produce breads, pastries, and other baked goods.

Career Cluster: Agriculture, Food and Natural Resources

Subjects:

- Math
- Science
- Reading
- Safety
- Health

Schooling:

- Complete long-term, on-the-job training

Where to Find Me:

- Bakery product manufacturers
- Grocery stores
- Bakeries and pastry stores
- Restaurants

Overview: Bank tellers help customers with their banking activities.

Career Cluster: Finance

Subjects:

- Math
- Computers/technology
- Reading

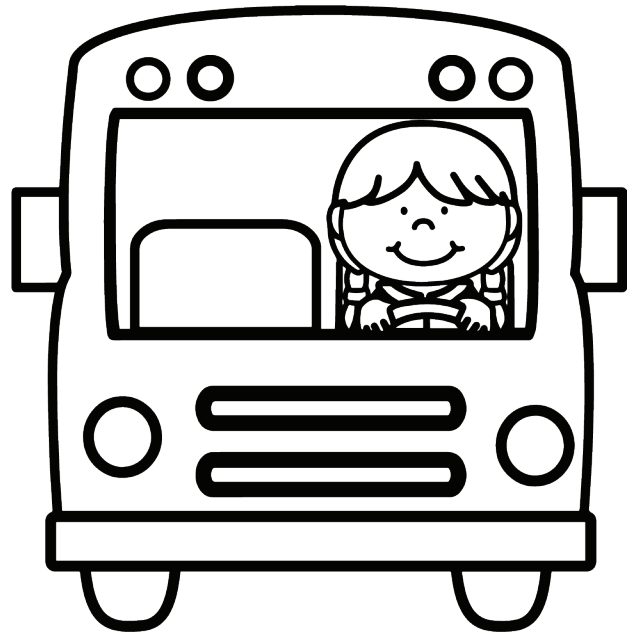

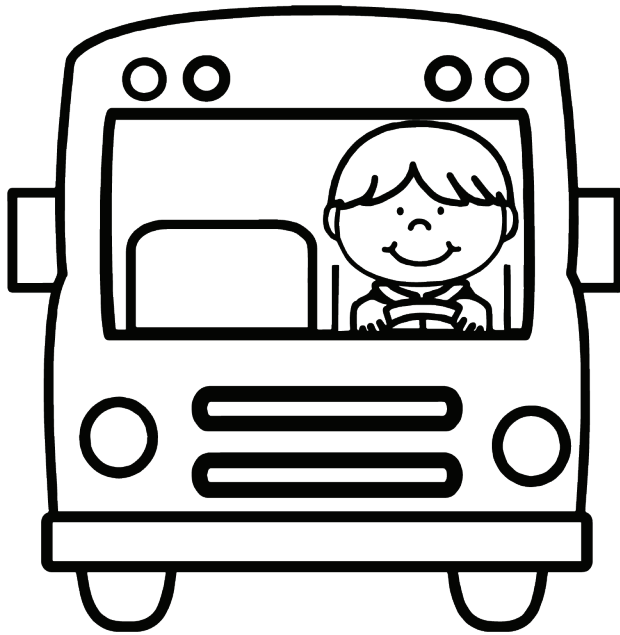

Schooling:

- High school diploma or equivalent
- Complete short-term, on-the-job training

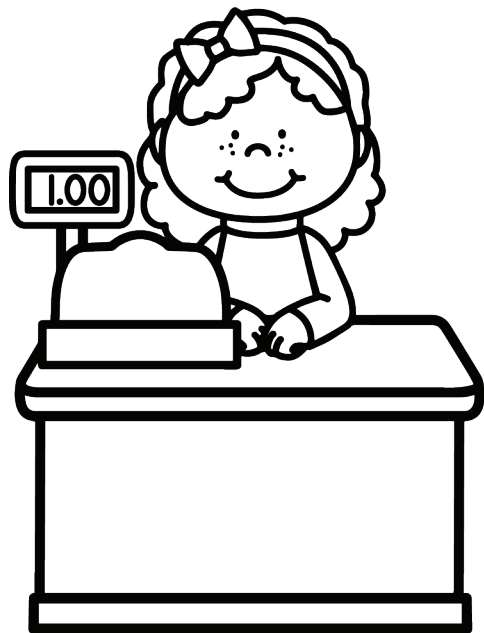

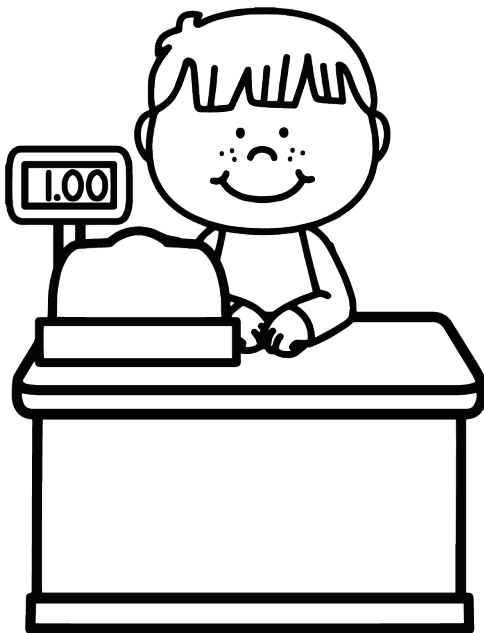

Where to Find Me:

- Banks, savings institutions, and credit unions

Bus Driver

Cashier

Overview: Bus drivers operate motor vehicles that move people from one place to another.

Career Cluster: Transportation, Distribution, and Logistics

Subjects:

- Computers/technology
- First Aid/Safety

Schooling:

- High school diploma or equivalent
- Complete moderate-term, on-the-job training
- Have a commercial driver's license and good driving record

Where to Find Me:

- Government-sponsored local transportation systems
- Long distance bus companies
- Charter bus companies
- Schools

Overview: Cashiers ring up sales and receive payments for merchandise.

Career Cluster: Marketing

Subjects:

- Computers/technology
- Math
- Reading

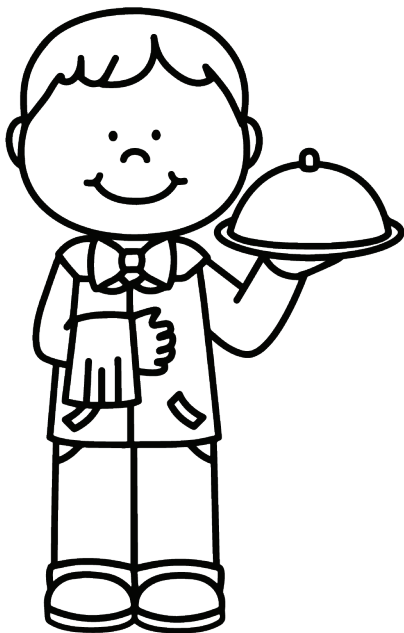

Schooling:

- Complete short-term, on-the-job training

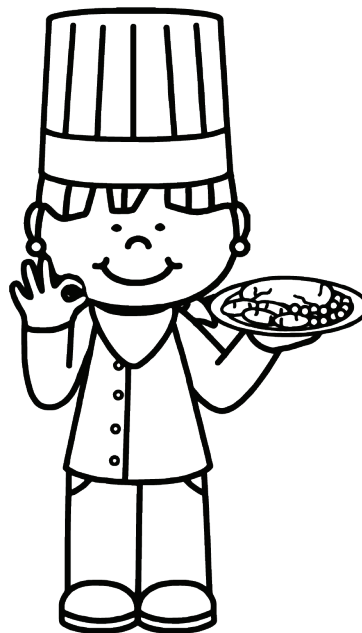

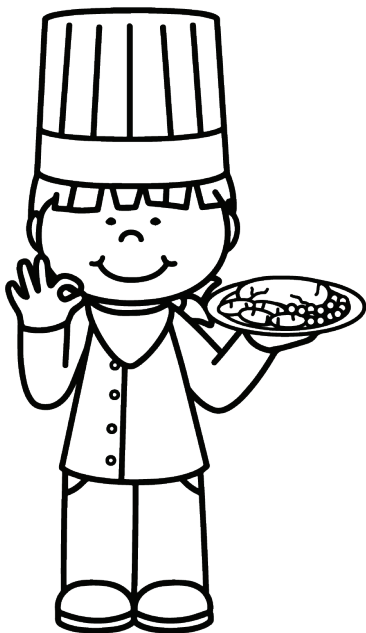

Where to Find Me:

- Grocery stores
- Gas stations
- Drug stores
- Department stores
- Pharmacies

Caterer

Chef

Overview: Caterers prepare food for parties, events, and conventions. They manage preparation, cooking, delivery, and serving of the food at the event.

Career Cluster: Hospitality and Tourism

Subjects:

- Reading
- Computers/technology
- Math
- Safety

Schooling:

- On-the-job training

Where to Find Me:

- Restaurants
- Hotels and convention centers
- Self-employed
- Catering companies

Overview: Chefs and dinner cooks measure, mix, and cook food.

Career Cluster: Hospitality and Tourism

Subjects:

- | | |
|------------------------|--------------------|
| • Math | • First Aid/Safety |
| • Reading | • Health |
| • Computers/technology | |

Schooling:

- Have a high school diploma or equivalent
- Complete on-the-job training

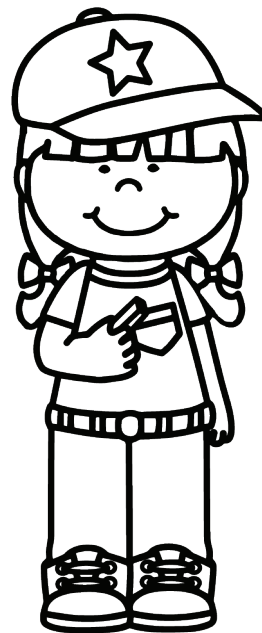

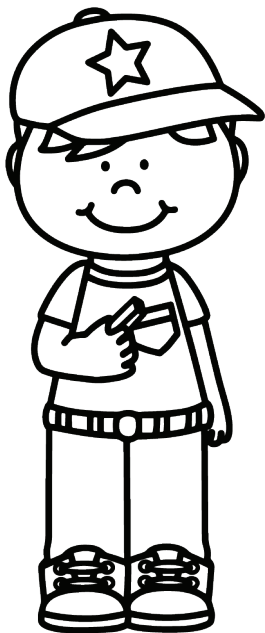

Where to Find Me:

- Restaurants and delis
- Schools
- Nursing and residential care facilities
- Hospitals
- Bars

Childcare Worker

Coach

Overview: Child care workers supervise, care for, and teach children in day care programs.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Physical Education
- First Aid/Safety
- Reading and writing

Schooling:

- High school diploma or equivalent
- Complete short-term, on-the-job training

Where to Find Me:

- Child day care
- Private households
- Elementary and secondary schools

Overview: Coaches

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Physical education
- Health
- Safety and first aid

Schooling:

- High school diploma or equivalent

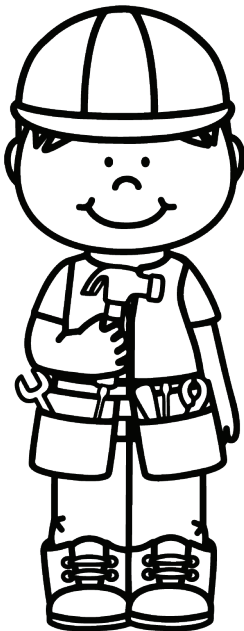

Where to Find Me:

- Colleges and universities
- Elementary and secondary schools
- State and National sports leagues

Computer Programmer

Construction Worker

Overview: Computer programmers write and test the instructions that computers follow to perform tasks.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Reading and writing
- Computers/technology
- Math

Schooling:

- Have at least a bachelor's degree in a computer science field

Where to Find Me:

- Almost every industry hires computer programmers and technicians

Overview: General construction workers complete a variety of tasks on construction projects.

Career Cluster: Architecture and Construction

Subjects:

- Physical Education
- First Aid/Safety
- Math
- Computers/technology

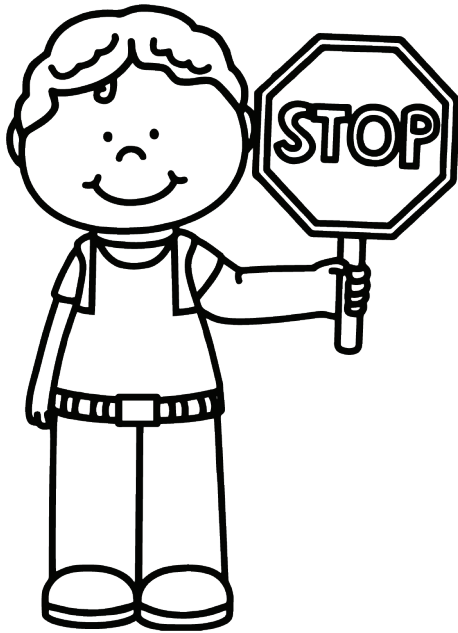

Schooling:

- Complete short-term, on-the-job training

Where to Find Me:

- Office and industrial building construction companies
- Home building construction companies
- Concrete and brick work companies
- Highway and street construction companies

Crossing Guard

Dentist

Overview: Crossing Guards direct the movement of walkers and drivers at street intersections and construction sites.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Physical Education
- Safety

Schooling:

- High school diploma or equivalent
- Complete moderate-term, on-the-job training

Where to Find Me:

- Local government agencies in charge of construction
- Elementary and secondary schools

Overview: Dentists examine patients' teeth and mouth and correct dental problems.

Career Cluster: Health Science

Subjects:

- | | |
|------------------------|-----------------------|
| • Math | • Reading and writing |
| • Science | • First Aid/Safety |
| • Computers/technology | • Health |

Schooling:

- Complete at least two years of college
- Graduate from dental school
- Pass a state licensing exam

Where to Find Me:

- Dental offices
- Health clinics
- Local government agencies (public health clinics)

Detective

Doctor

Overview: Detectives and investigators gather facts and evidence for criminal cases.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Computers/technology
- Reading and writing
- Physical Education
- Safety
- Geography
- Social Studies

Schooling:

- High school diploma or equivalent
- Pass a physical exam and background check
- Complete police academy training
- Have three to five years of experience as a police officer
- Pass a written exam
- Complete moderate-term, on-the-job training

Where to Find Me:

- Federal, state, or local law enforcement agencies

Overview: Doctors treat a wide range of conditions and help people try to stay healthy.

Career Cluster: Health Science

Subjects:

- Science
- Health
- Math
- Reading and writing
- Computers/technology

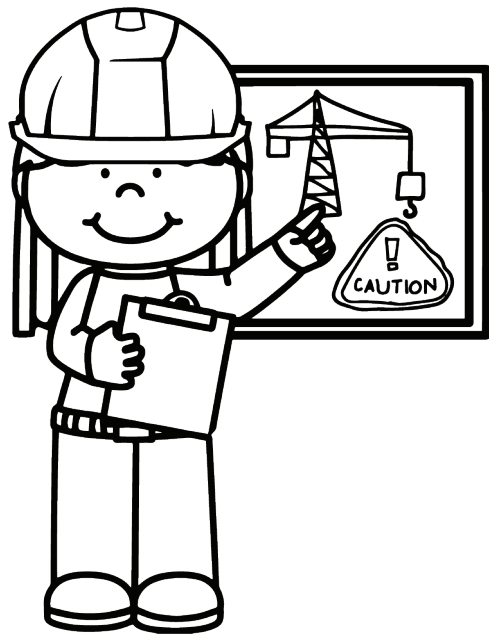

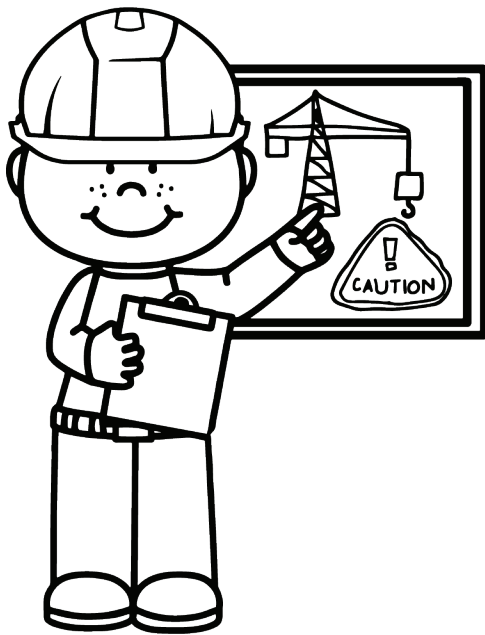

Schooling:

- Have a bachelor's degree
- Graduate from medical school
- Complete an internship
- Pass a licensing exam
- Complete a residency program

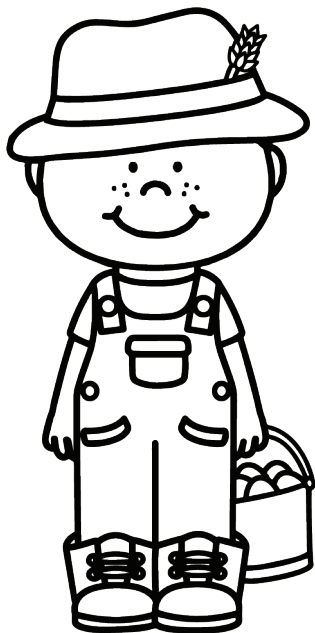

Where to Find Me:

- Hospitals, clinics, and medical offices
- Military
- Government agencies

Engineer

Farmer

Overview: Engineers solve technical problems.

Career Cluster: Architecture and Construction

Subjects:

- Reading and writing
- Math
- Computers/technology
- Science
- Safety

Schooling:

- Have at least a bachelor's degree in engineering
- Have a license

Where to Find Me:

- Construction companies
- Architectural design firms
- Government agencies
- Mining companies
- Engineering firms
- Research firms
- Utility Companies

Overview: Farmers and farm managers raise crops and livestock for market.

Career Cluster: Agriculture, Food, and Natural Resources

Subjects:

- Biology
- Math
- Reading
- Computers/Technology
- Engineering
- Safety

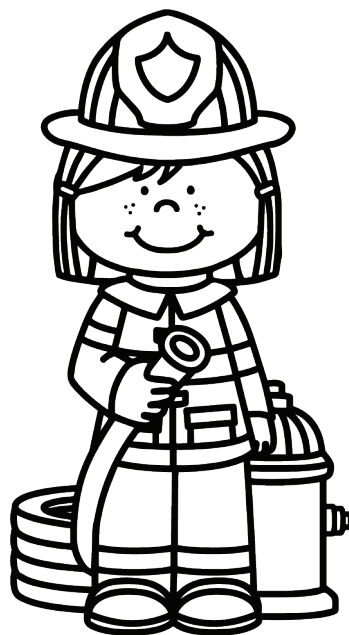

Schooling:

- Have a high school diploma or equivalent
- Have more than five years of work experience in agriculture

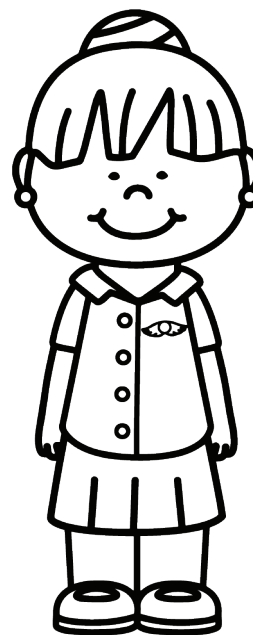

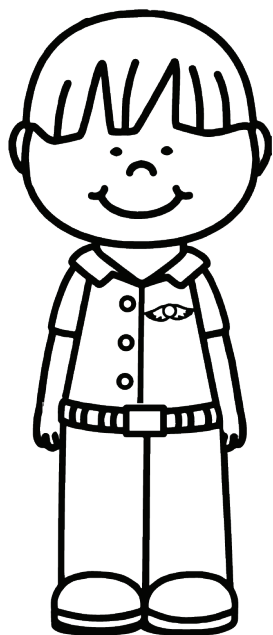

Where to Find Me:

- Privately owned farms
- Commercial farms

Firefighter

Flight Attendant

Overview: Firefighters put out fires and rescue people who are in danger.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Physical Education
- First Aid/Safety
- Reading and writing
- Geography
- Computers/technology

Schooling:

- High school diploma or equivalent
- Pass a written exam, a physical test, and a medical exam
- Complete firefighting training
- Complete long-term, on-the-job training

Where to Find Me:

- Local, state, and federal government sponsored fire departments

Overview: Flight attendants take care of airline passengers.

Career Cluster: Transportation, Distribution, and Logistics

Subjects:

- Foreign Language
- First Aid/Safety
- Geography
- Computers/technology

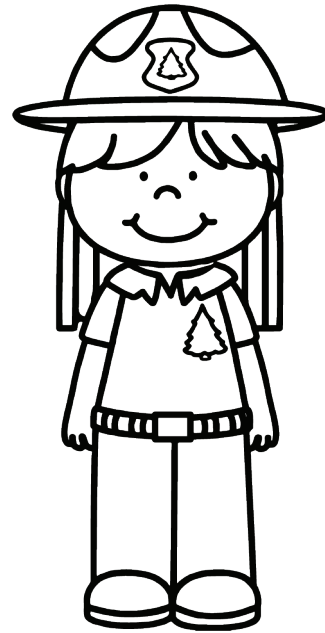

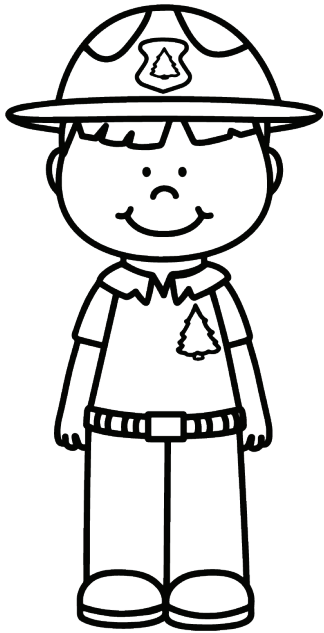

Schooling:

- Have a high school diploma or equivalent
- Complete a flight attendant training program
- Complete moderate-term, on-the-job training

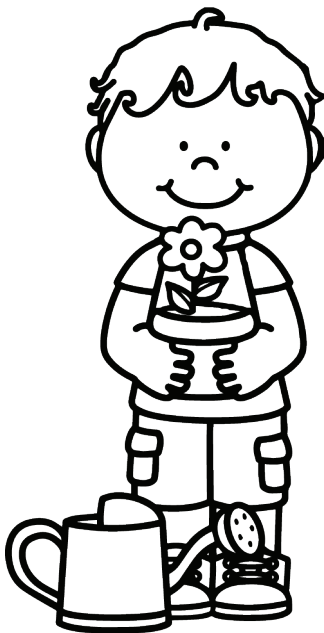

Where to Find Me:

- National and regional airlines

Forest Ranger

Gardener

Overview: Forest Rangers help maintain campground and trails in state and national forests.

Career Cluster: Science, Technology, Engineering and Mathematics Subjects:

- Science
- Geography
- History
- Computers/technology
- Reading and writing
- Physical Education
- First Aid/Safety

Schooling:

- Have at least a bachelor's degree in a life science

Where to Find Me:

- Federal, state, and local government agencies (parks)

Overview: Mail carriers deliver mail to homes and businesses along an established route.

Career Cluster: Business Management and Administration

Subjects:

- Physical Education
- Safety
- Reading

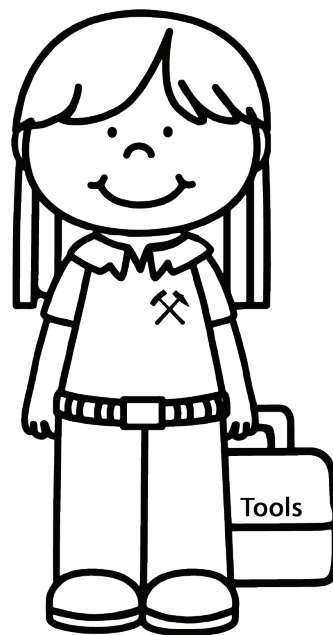

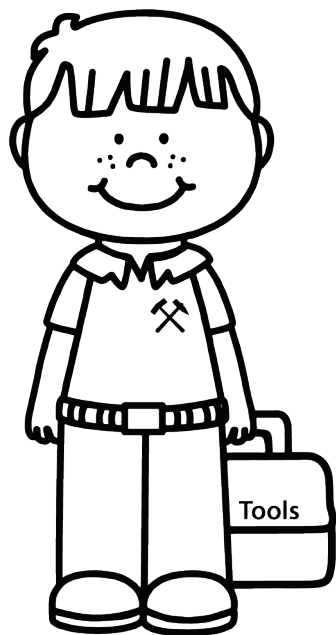

Schooling:

- High school diploma or equivalent
- Complete short-term, on-the-job training

Where to Find Me:

- US Postal Service

Geologist

Grocer

Overview: Geologists study the history of the earth. They look at how rocks were formed and how they have changed since they were created.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Reading and writing
- Geography
- Math
- Science
- History
- Computers/technology

Schooling:

- Have a high school diploma or equivalent
- Complete an apprenticeship program

Where to Find Me:

- Mining and quarrying companies
- Oil refineries
- Government agencies
- Consulting services

Overview: Stock clerks receive, unpack, check, store and track merchandise or materials.

Career Cluster: Business Management and Administration

Subjects:

- Math
- Reading
- Computers/technology
- Physical Education
- Safety

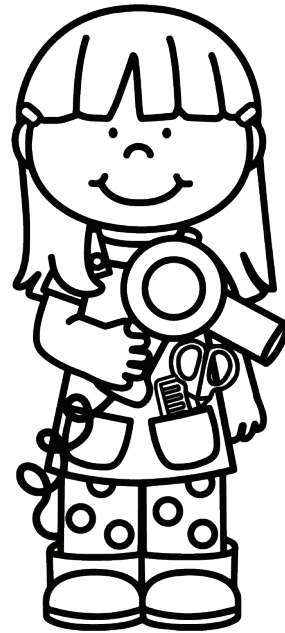

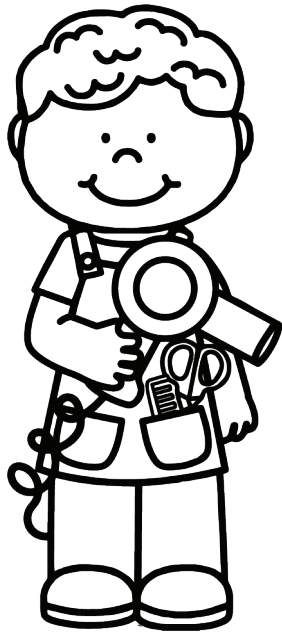

Schooling:

- Complete short-term, on-the-job training

Where to Find Me:

- Grocery stores
- Department stores
- Other general merchandise stores

Hairstylist

Housekeeper

Overview: Hairstylists and cosmetologists wash, cut, color, perm, and style customers' hair. Cosmetologists also apply makeup. Barbers also shave customers.

Career Cluster: Human Services

Subjects:

- Math
- First Aid/Safety
- Science

Schooling:

- Complete a cosmetology or hair styling program
- Pass a licensing exam

Where to Find Me:

- Beauty salons
- Barber shops

Overview: Maids and housekeepers clean rooms at hotels, motels, private homes and hospitals.

Career Cluster: Hospitality and Tourism

Subjects:

- Safety
- Health

Schooling:

- Complete short-term, on-the-job training

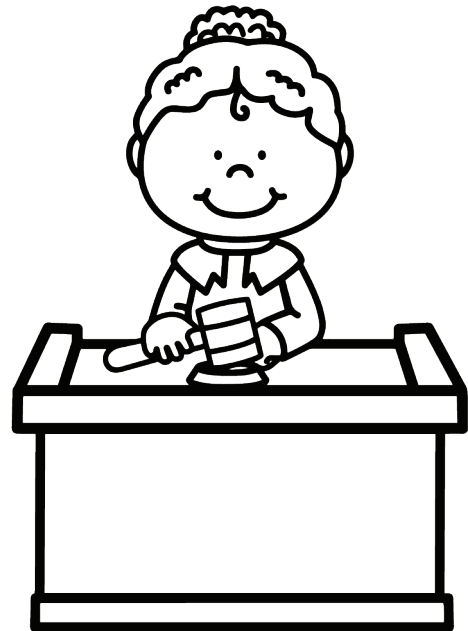

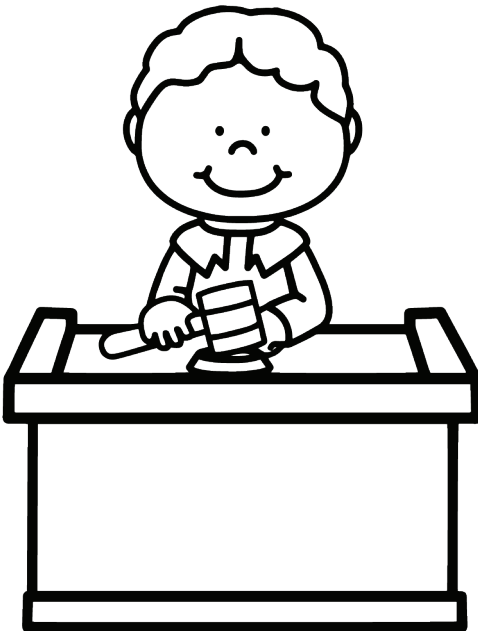

Where to Find Me:

- Private households
- Resorts, motels, and hotels
- Nursing and personal care facilities
- Hospitals
- Cleaning services

Janitor

Judge

Overview: Janitors keep buildings clean and in good condition.

Career Cluster: Hospitality and Tourism

Subjects:

- Physical Education
- Safety
- Health

Schooling:

- Complete short-term, on-the-job training

Where to Find Me:

- Janitorial services companies
- Schools
- Religious organizations

Overview: Judges and hearing officers review cases and make decisions about them based on the law.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Computers/technology
- Safety
- Reading and writing
- Social studies

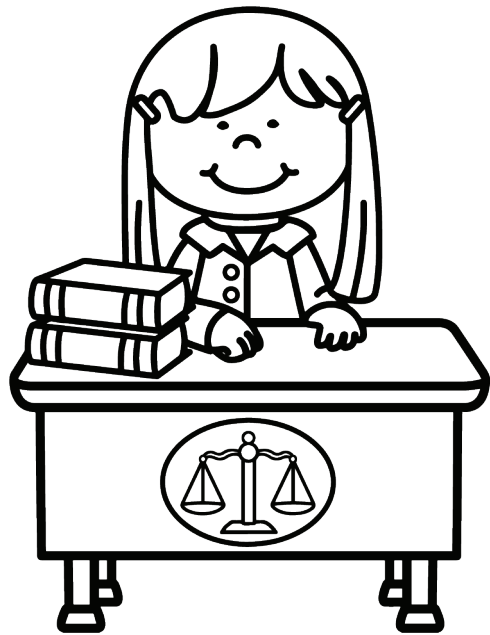

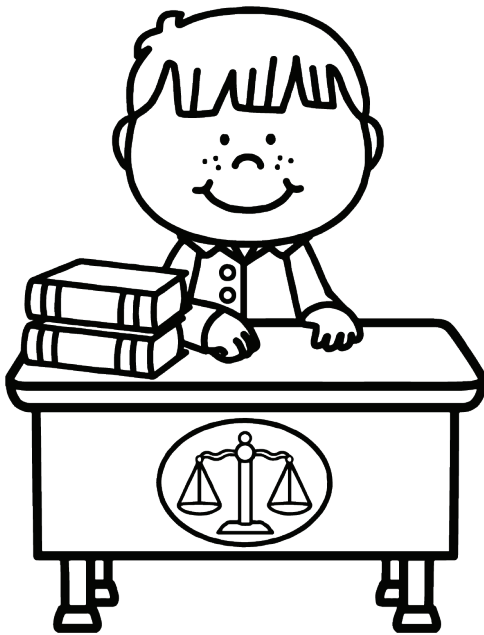

Schooling:

- Have a bachelor's degree
- Complete a law degree
- Have five years or more of experience as a lawyer
- Complete short-term, on-the-job training

Where to Find Me:

- Federal, state, and local government courts

Lawyer

Librarian

Overview: Lawyers study, explain and apply laws to specific problems.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Reading and writing
- Social studies
- Computers/technology

Schooling:

- Have a bachelor's degree
- Have a law degree
- Pass the Bar exam for the state in which you want to practice

Where to Find Me:

- Law firms
- Local, state, and federal government agencies
- Finance and insurance agencies

Overview: Librarians organize materials in libraries and help people locate them.

Career Cluster: Education and training

Subjects:

- Computers/technology
- Reading and writing
- Art (audio/visual)

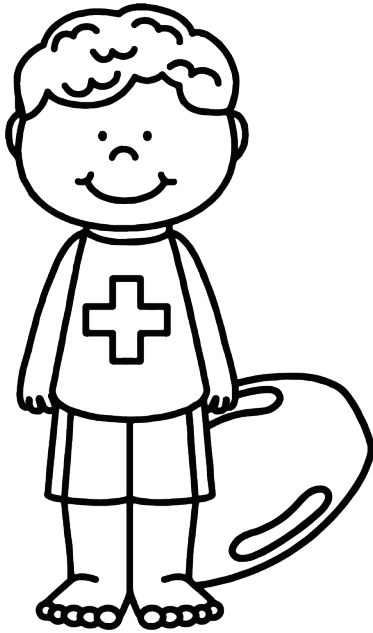

Schooling:

- Have a high school diploma or equivalent
- Have a bachelor's degree
- Have a master's degree in library and information science

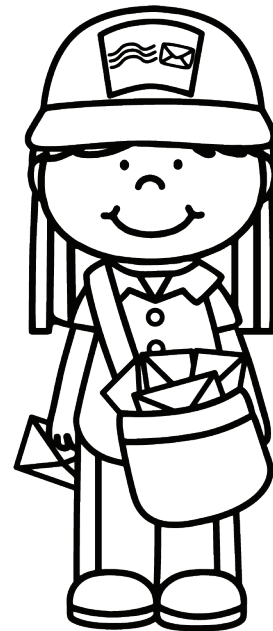

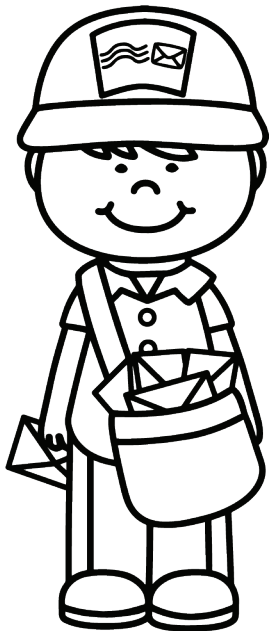

Where to Find Me:

- Elementary, middle, and high schools
- Public libraries
- Colleges and universities
- Government agencies

Lifeguard

Mail Carrier

Overview: Lifeguards monitor recreational areas, such as lakes and pools. They rescue people and provide first aid when needed. **Career Cluster:** Law, Public Safety, Corrections, and Security
Subjects:

- Physical Education
- First Aid/Safety
- Health

Schooling:

- Have CPR certification
- Be an accomplished swimmer or skier
- Complete short-term, on-the-job training

Where to Find Me:

- Local government agencies (pools and public beaches)
- Fitness and sports centers
- Country clubs
- Water parks
- Resorts and hotels

Overview: Mail carriers deliver mail to homes and businesses along an established route.

Career Cluster: Business Management and Administration

Subjects:

- Physical Education
- Safety
- Reading

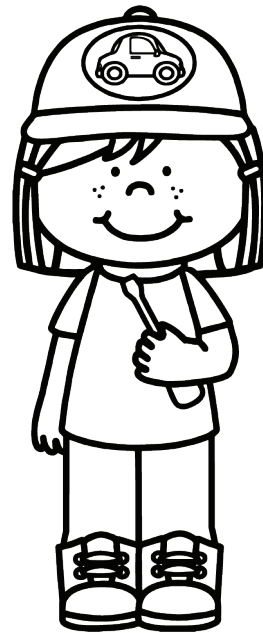

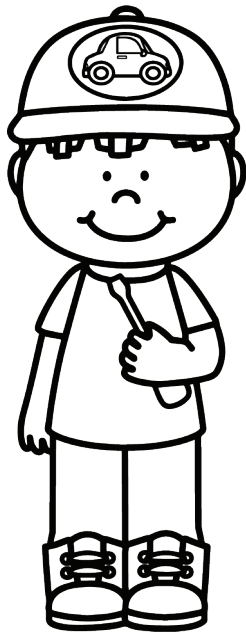

Schooling:

- High school diploma or equivalent
- Complete short-term, on-the-job training

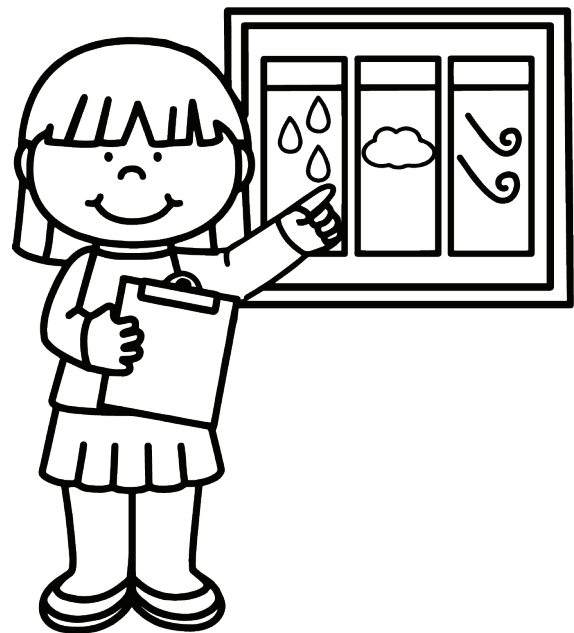

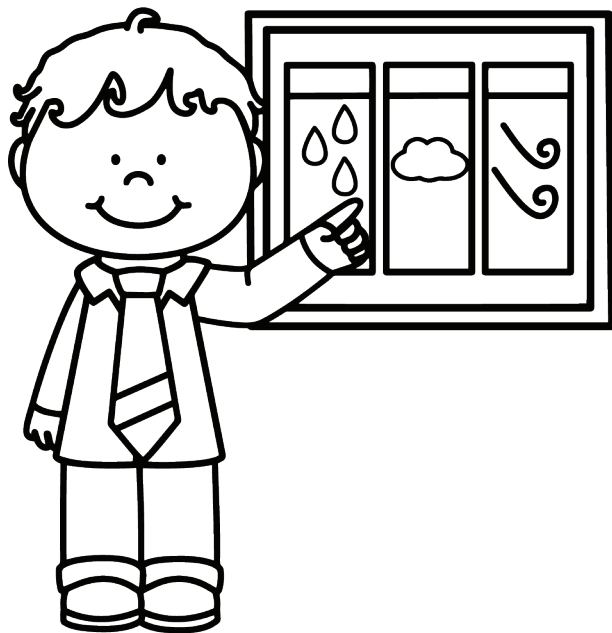

Where to Find Me:

- US Postal Service

Mechanic

Meteorologist

Overview: Automobile mechanics inspect, maintain, and repair cars and light trucks.

Career Cluster: Transportation, Distribution, and Logistics

Subjects:

- Computers/technology
- Reading
- Math
- Safety
- Science

Schooling:

- High school diploma or equivalent
- Complete a formal training program
- Complete short-term, on-the-job training

Where to Find Me:

- Auto repair shops
- Auto dealerships
- Auto supply stores

Overview: Meteorologists study the earth's atmosphere and the ways it affects our environment.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- | | |
|-----------|------------------------|
| • Math | • Computers/Technology |
| • Science | • Art (audio/visual) |
| • Reading | • Safety |

Schooling:

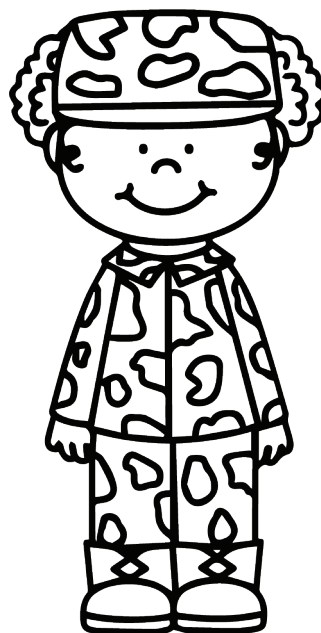

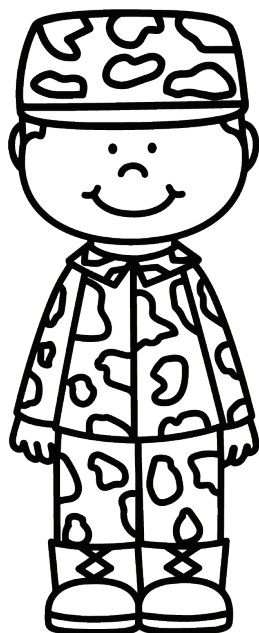

- Complete at least a bachelor's degree in meteorology

Where to Find Me:

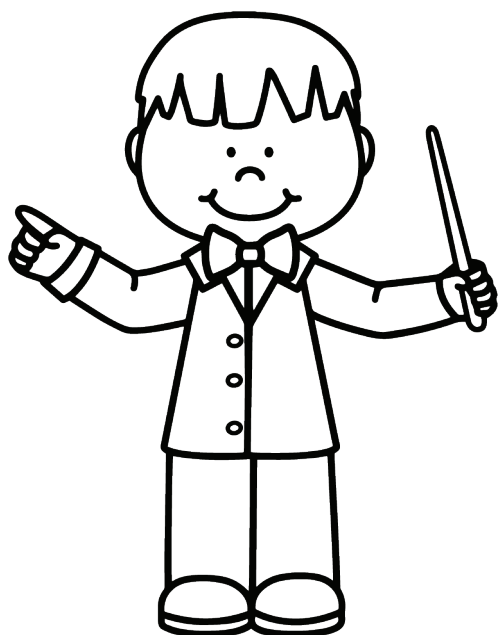

- Federal government agencies (National Oceanic and Atmospheric Administration, Weather Service)
- Weather consulting firms
- Research and testing stations
- Radio and television stations

Overview:

Military

Music Conductor

Overview: Military enlisted personnel work in various occupations in the Army, Air Force, Coast Guard, Marine Corps, and Navy.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Physical Education
- First Aid/Safety
- Computers/technology
- Engineering
- Reading and writing
- Math

Schooling:

- Have a high school diploma or equivalent

Where to Find Me:

- Government base

Overview: Music composers, directors, and arrangers write, arrange, and direct music.

Career Cluster: Arts, Audio/Visual Technology, and Communications

Subjects:

- Reading and writing
- Art (music)

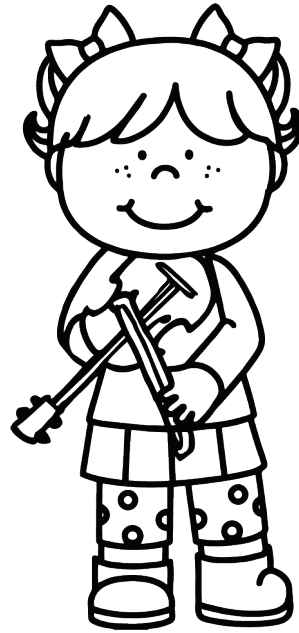

Schooling:

- Have a bachelor's degree in music
- Have one to five years of experience as a musician

Where to Find Me:

- Performing arts companies
- Religious Organizations

Musician

Nurse

Overview: Musicians perform music on stage and in recording studios.

Career Cluster: Arts, Communications & Information Systems

Subjects:

- Reading and writing
- Band
- Chorus
- Computers/technology

Schooling:

- Complete long-term, on-the-job training
- Be talented

Where to Find Me:

- Elementary, middle, and high schools
- Colleges and universities
- Motion picture and sound recording companies
- Performing arts and sporting events

Overview: Nurses care for patients who are ill or injured.

Career Cluster: Health Science

Subjects:

- | | |
|------------------------|------------------------|
| • Science | • Safety and first aid |
| • Math | • Health |
| • Computers/technology | |

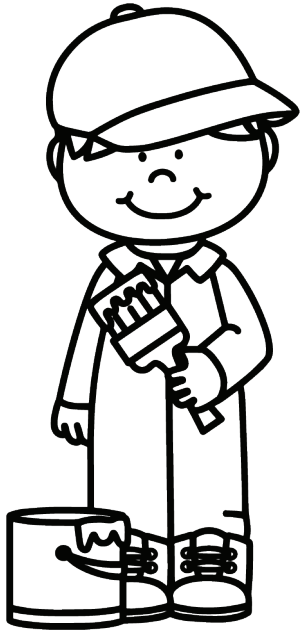

Schooling:

- Graduate from a nursing program (2-year or 4-year)
- Complete supervised clinical work experience
- Have a license

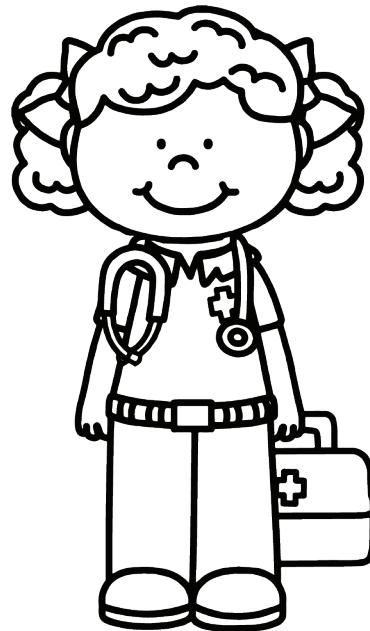

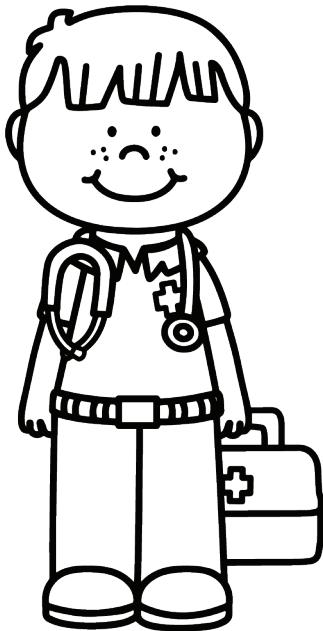

Where to Find Me:

- Hospitals
- Doctor's offices
- Home health care services
- Schools
- Nursing homes and other personal care facilities

Painter

Paramedic

Overview: Painters apply paint, stain, varnish, and other finishes to buildings and other structures.

Career Cluster: Architecture and Construction

Subjects:

- Physical Education
- Safety
- Math

Schooling:

- Complete moderate-term, on-the-job training

Where to Find Me:

- Painting and wallpaper hanging companies

Overview: Emergency medical technicians and paramedics give care to ill or injured people in emergency situations. If patients need more care, they drive them to medical facilities.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- | | |
|------------------------|--------------------|
| • Math | • First Aid/Safety |
| • Science | • Health |
| • Computers/technology | |

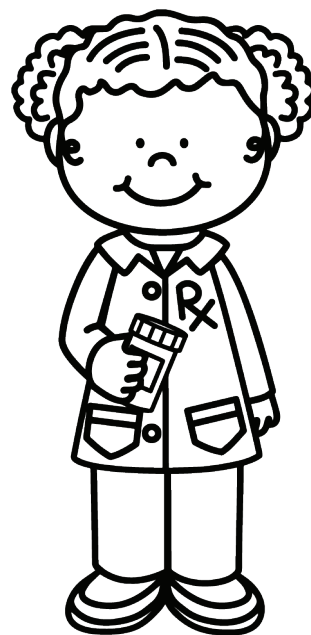

Schooling:

- High school diploma or equivalent
- Complete an approved emergency medical technician program
- Be certified

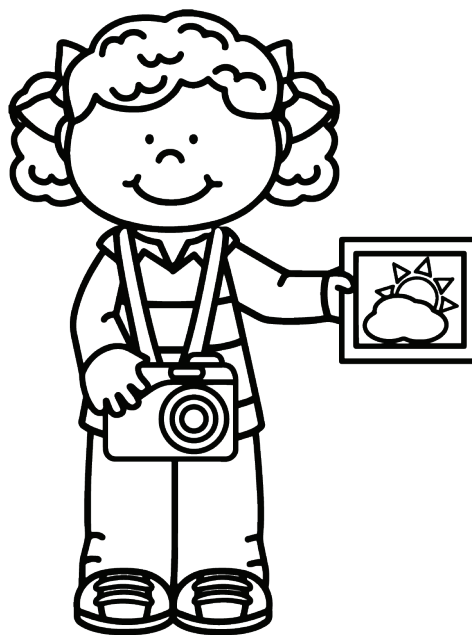

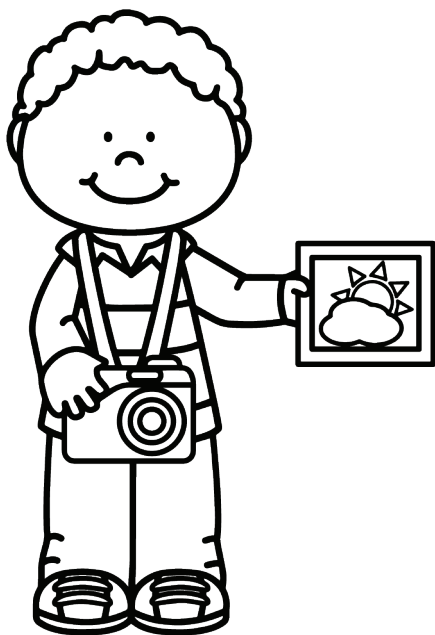

Where to Find Me:

- Hospitals
- Private ambulance firms
- Fire departments

Pharmacist

Photographer

Overview: Pharmacists dispense drugs and provide information about their use.

Career Cluster: Health Science

Subjects:

- Science
- Math
- Reading and writing
- First Aid/Safety
- Health

Schooling:

- Complete at least two years of pre-pharmacy courses in college
- Graduate from a four-year pharmacy program
- Complete an internship
- Pass a state licensing exam

Where to Find Me:

- Pharmacies and drug stores
- Hospitals and clinics
- Grocery store pharmacies

Overview: Photographers produce images that paint a picture, tell a story, or record an event.

Career Cluster: Arts, Audio/Visual Technology, and Communications

Subjects:

- Art
- Computers/technology
- Reading and writing

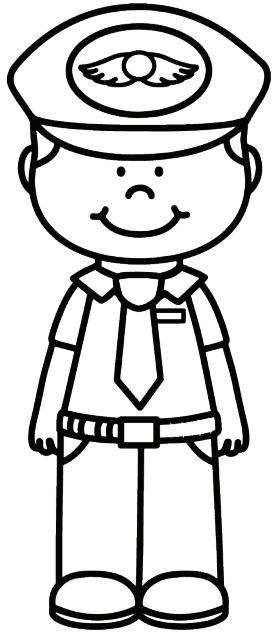

Schooling:

- High school diploma or equivalent
- Complete long-term, on-the-job training

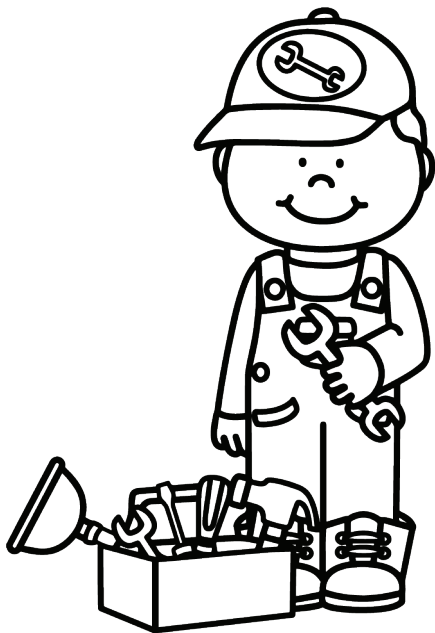

Where to Find Me:

- Photographic portrait studios
- Newspapers and magazines

Pilot

Plumber

Overview: Airplane and commercial pilots fly airplanes and helicopters.

Career Cluster: Transportation, Distribution, and Logistics

Subjects:

- Math
- Science
- Computers/technology
- Engineering
- Reading
- Safety

Schooling:

- High school diploma or equivalent
- Complete flight training and requirements for a commercial pilot's license

Where to Find Me:

- National and regional airlines
- Airports, flying fields, and airplane services
- Flight training schools

Overview: Plumbers and pipefitters install and repair pipe systems that carry water, steam, air, or other fluids or gases.

Career Cluster: Architecture and Construction

Subjects:

- | | |
|-----------|----------------------|
| • Reading | • Science |
| • Art | • Physical Education |
| • Math | |

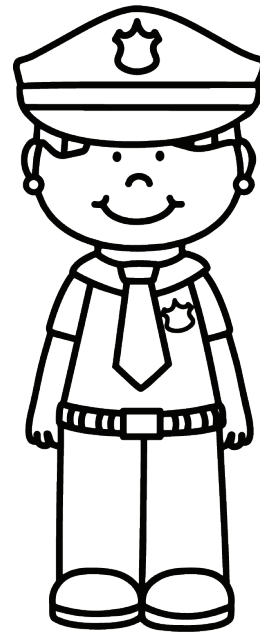

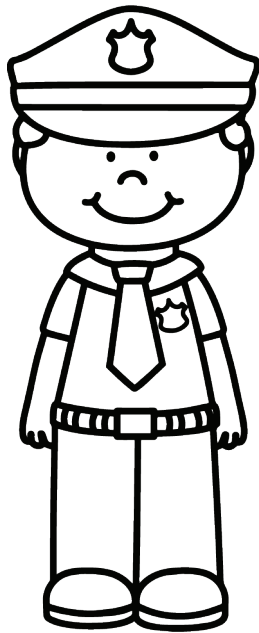

Schooling:

- High school diploma or equivalent
- Complete an apprenticeship program

Where to Find Me:

- Construction and plumbing companies
- Pipeline transportation companies
- Repair services
- Utilities
- Transportation equipment companies

Police Officer

Receptionist

Overview: Police officers keep order in their communities and make sure that people follow the laws.

Career Cluster: Law, Public Safety, Corrections, and Security

Subjects:

- Physical Education
- First Aid/Safety
- Social studies
- Computers/technology

Schooling:

- Have a high school diploma or equivalent
- Complete moderate-term, on-the-job training

Where to Find Me:

- Local, state, and federal police departments

Overview: Secretaries and receptionists greet visitors, answer phone calls, and perform clerical duties.

Career Cluster: Business Management and Administration

Subjects:

- Computers/technology
- Reading and writing

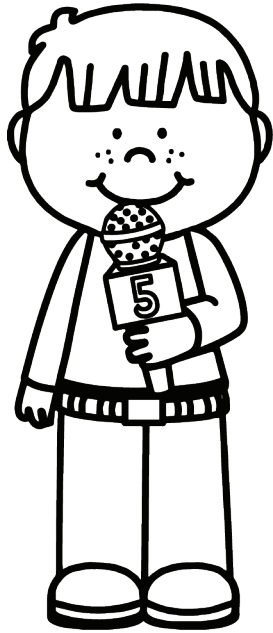

Schooling:

- Have a high school diploma or equivalent
- Complete short-term, on-the-job training

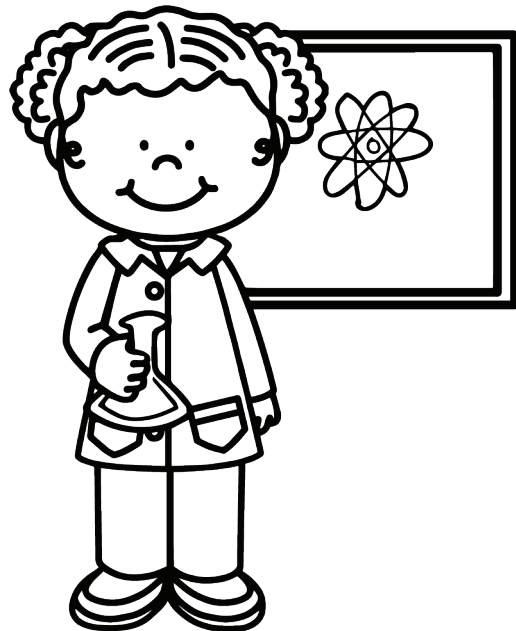

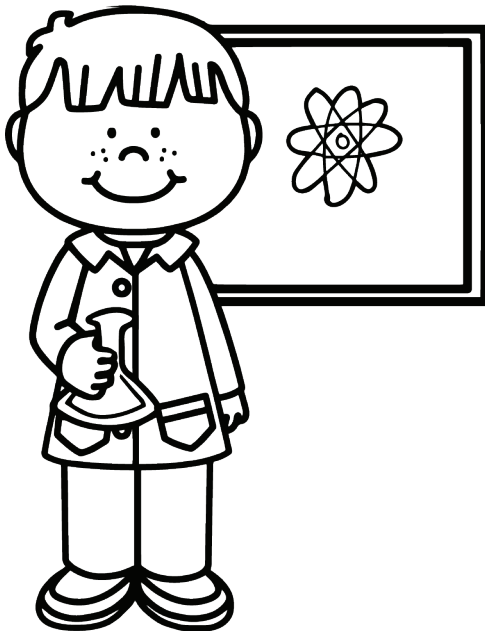

Where to Find Me:

- Schools and colleges
- Doctors' offices
- Dentists' offices
- Temporary worker agencies
- Local, state, and federal government agencies
- Hospitals

Reporter

Scientist

Overview: News reporters write and report news stories for newspaper, radio, or television.

Career Cluster: Arts, Audio/Visual Technology, and Communications

Subjects:

- Reading and writing
- Computers/technology
- Geography

Schooling:

- Have a bachelor's degree

Where to Find Me:

- Radio and television stations
- Newspapers

Overview: Scientists investigate systems in the natural world to solve problems and learn about the world around us.

Career Cluster: Science, Technology, Engineering, and Mathematics

Subjects:

- Reading and writing
- Computers/technology
- Math
- Science
- Safety

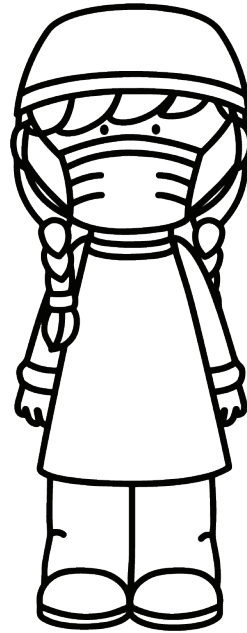

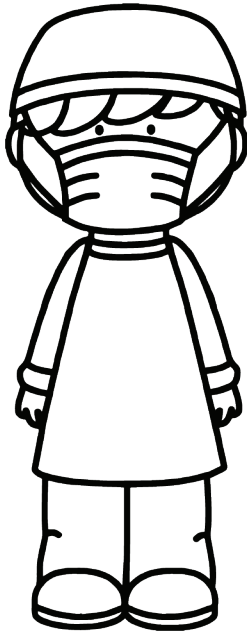

Schooling:

- Have at least a bachelor's degree

Where to Find Me:

- Government agencies
- Colleges and universities
- Research and development companies
- Drug companies
- Food production companies

Surgeon

Taxi Driver

Overview: Surgeons perform surgery to diagnose and treat patients.

Career Cluster: Health Science

Subjects:

- Science
- Math
- First Aid and safety
- Computers/Technology
- Health
- Reading

Schooling:

- Have a bachelor's degree
- Graduate from medical school
- Complete an internship
- Pass a state licensing exam
- Complete a five-year residency program in surgery
- Pass additional exams to become board certified

Where to Find Me:

- Doctor's offices
- Hospitals
- Federal, state, and local government agencies

Overview: Taxi drivers and chauffeurs transport passengers to and from their homes, work places, and other locations.

Career Cluster: Transportation, Distribution, and Logistics

Subjects:

- Computers/technology
- Safety
- Reading
- Geography

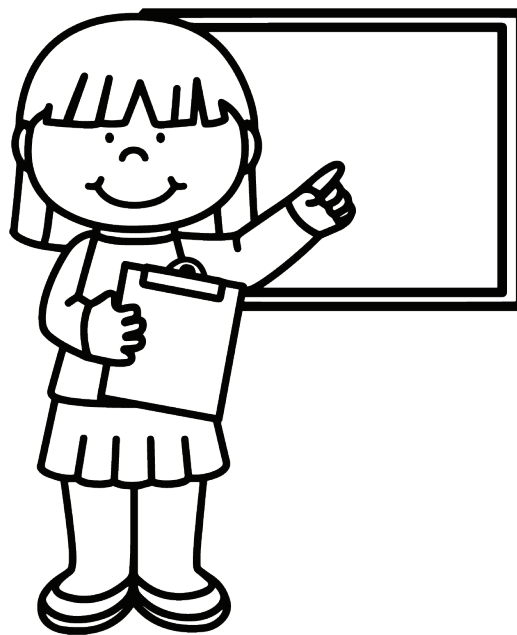

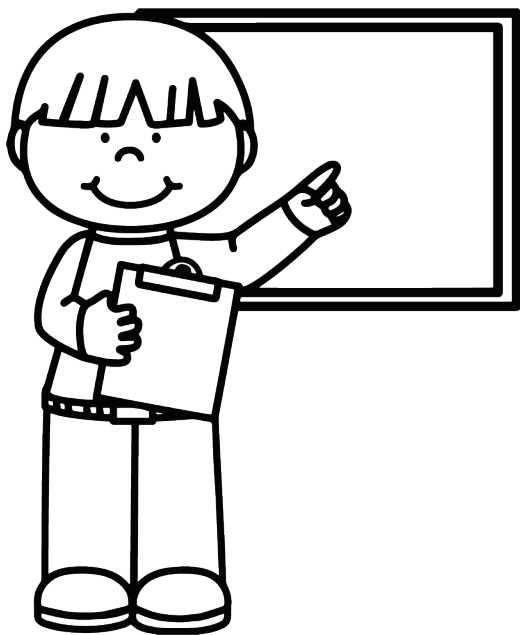

Schooling:

- Have a taxi or chauffeur's license
- Have a driver's license and a good driving record
- Complete short-term, on-the-job training

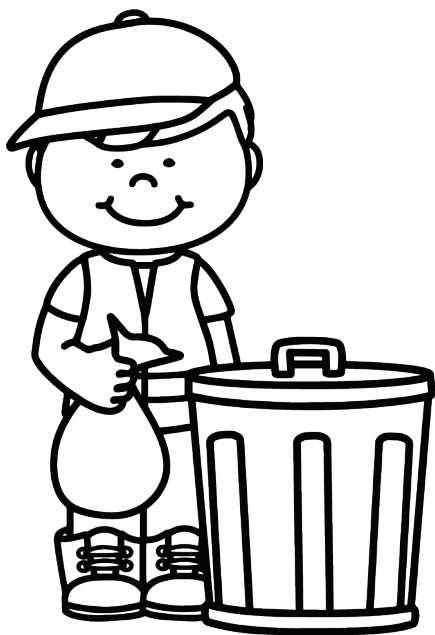

Where to Find Me:

- Taxi and limousine companies
- Shuttle Services
- Car rental companies

Teacher

Trash Collector

Overview: Teachers help children explore their interests and develop their talents. They help children build self-esteem and learn how to behave with others.

Career Cluster: Education and Training

Subjects:

- Math
- Reading and writing
- Computers/technology
- Social studies
- Science

Schooling:

- Have at least a bachelor's degree
- Complete a teacher education program and student teacher internship
- Pass a state licensing exam

Where to Find Me:

- Child day care
- Elementary, middle or high school
- Religious organizations

Overview: Trash collectors collect garbage and transport it to dumps or landfills.

Career Cluster: Agriculture, Food, and Natural Resources

Subjects:

- Physical Education
- First Aid/Safety

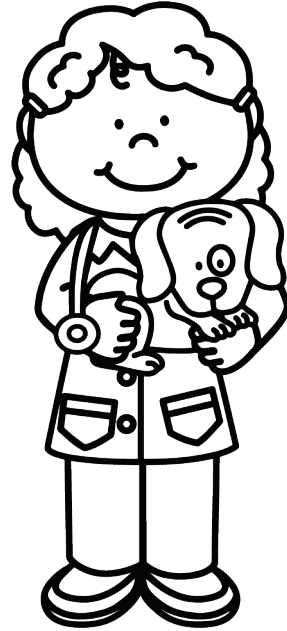

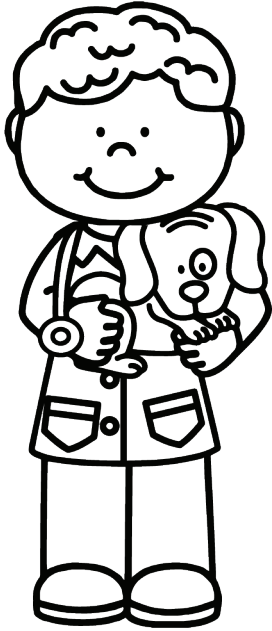

Schooling:

- Complete short-term, on-the-job training

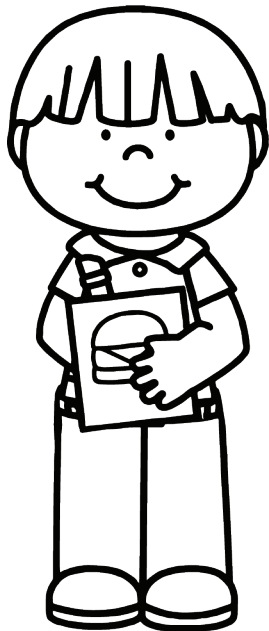

Where to Find Me:

- Local government agencies (sanitation department)
- Trash collection companies
- Waste treatment and disposal companies

Veterinarian

Waiter/Waitress

Overview: Veterinarians treat animal health problems. They work to prevent, control, and cure animal diseases.

Career Cluster: Health Science

Subjects:

- Science
- Math
- Reading and Writing
- Computers/technology
- First Aid/Safety
- Health

Schooling:

- Complete at least two years of pre-veterinary study
- Graduate from veterinary medicine school
- Pass a state licensing exam

Where to Find Me:

- Veterinary hospitals and clinics

Overview: Waiters and waitresses serve food in restaurants and other dining establishments.

Career Cluster: Hospitality and Tourism

Subjects:

- Physical Education
- Safety
- Health
- Reading and writing

Schooling:

- Complete short-term, on-the-job training

Where to Find Me:

- Full-service restaurants
